RESPITE FOR NEGRO CAME TOO LATE

Governor Commuted Sentence to Life Imprisonment.

SHERIFF HEARD NEWS TOO LATE

Negro Was Struggling in the Throes of Death When Sheriff Learned that Sentence Had Been Commuted by the Governor.

Vicksburg, Miss., Jan. 5.—Will Harvey, a negro, was hanged at Mayersville, Miss., Thursday, three minutes before notice that his sentence had been commuted reached the sheriff of Issaquena county.

Harvey's attorney was notified by Governor Vardaman that the negro's sentence had been commuted to imprisonment for life. He hurried to the telephone and put in a call for the Issaquena sheriff. The latter did not reach the phone until three minutes after the drop fell.

Harvey was sentenced to be hanged for the murder of another negro named Pete Bromo, in March last. His case was taken to the supreme court, where the sentence of the lower court was affirmed. Governor Vardaman recently granted a respite which expired on Thursday.

French Officers in a Duel.

Paris, Jan. 5.—News of a duel between two French officers, one of whom was seriously wounded is being circulated here. The principals were Lieutenants Spitzer and Andreal, at one time close friends, and the scene of the affray was near Versailles. Regulation army revolvers were used and the agreement permitted each of the combatants to fire as many as twenty-five cartridges with which each was provided, as he could. The principals went to the scene of the duel in automobiles and the preliminaries were quickly arranged. The men were placed about thirty meters apart and fired at the word. After six shots had been exchanged, Lieutenant Spitzer dropper his revolver and fell into the arms of his seconds. When the injured man was taken to a nearby habitation, it was found that he had been seriously wounded in the abdomen.

San Francisco, Jan. 5.—The Call says that one of the largest deals known to local financial circles since the April disaster is about to be consummated in the coalition of the interests represented by the Fleischhackers, the London, Paris and American bank and the San Francisco Coke and Gas company. The extensive power and paper interests of the Fleischhackers at Floriston on the Truckee river, and the local plant of the San Francisco Coke and Gas company, will be consolidated. The companies will be financed by the London, Paris and American bank.

3,000 Notices of Ejectment.

Chicago, Jan. 5.—The Chronicle says that on six United States deputy marshals was placed Thursday the responsibility of serving 3,000 defendants' notices of ejectment in a suit recently filed in the United States circuit court by Sidney Swift, of Cambridge, Mass., who seeks to possess himself of south side property valued at approximately $40,000,000. The deputies who were especially appointed for the task, which is one of the largest problems that ever has confronted United State Marshal Hoy, met with many and varied experiences during the day.

NO PROSECUTION OF HILL.

Ridley Says He Will Not Institute Proceedings.

LaGrange, Ga., Jan. 5—Dr. Frank Ridley has issued a statement in which he expressed regret that the encounter had taken place, and stated most positively that he would institute no legal proceedings against Mr. Hill. He further stated that he hoped Mr. Hill would be allowed to go free.

Young Ridley is resting easily, the physicians having located the bullet in the muscles of the spine. The bullet, with the exception of the breaking of a rib, caused merely a flesh wound. His wife is in Baltimore, where she went about a week ago to attend the funeral of her father.

After the excitement caused by the difficulty, everything has quieted down. Owing to the fact that absolutely nothing is known about the cause of the quarrel which led to the shooting of Dr. Ridley, there has not been, as was reported, any extreme feeling exhibited toward either of the young men.

Young Hill was released on bond and spent the night with his father, Hon. C. D. Hill, at the Emrose hotel here. His uncle, Judge Benjamin H. Hill, and Reuben Arnold, of Atlanta, were also at the hotel.

Will Reconstruct Ft. St. Philip.

Washington, Jan. 5.—The war department has concluded to go on with the work of reconstructing Ft. St. Philip, Louisiana, near the mouth of the Mississippi river. After the work had progressed somewhat it has been ordered suspneded until such time as the levee in front of the fort which was badly damaged by last September's hurricane, could be repaired, but in view of the loss to the government which would be occasioned by the delay on this account it was decided to construct the barracks and run the risk of another storm. It was declared at the department Friday that there is no intention of abandoning Ft. St. Philips on the lower river forts in the vicinity of New Orleans, and that when Ft. St. Philip is entirely reconstructed, it is the purpose to make it a two-company post.

Physician Dies of His Wounds.

Carthage, Mo., Jan. 5.—Dr. S. D. Meredith died Friday of the gunshot wound inflicted by Arthur Sanderson at the latter's home here on Wednesday. Sanderson, who had been released, was immediately rearrested on a charge of murder in the first degree. When told that Dr. Meredith was dead, Sanderson said: "My God! I am sorry for that. I have been hoping and praying that he might get well." Dr. Meredith was the Sanderson family physician. Sanderson called him to his home professionally and then shot the physician as he was about to enter the door.

Washington, Jan. 5.—The recent decisions by Judge Evans in the federal court at Louisville, and by Judge McCall, in the federal court at Memphis, declaring unconstitutional the employers' liability act, passed at the last session of congress, were brought to President Roosevelt's attention, and the announcement was made at the white house that the president will direct that an appeal be taken from these decisions. President Roosevelt is greatly interested in this act, and earnestly recommended to congress at its last session that it be passed.

FLOODS SWEEP MIDDLE WEST

Little Rock, Arkansas, Practically Isolated.

ALL STREAMS OUT OF BANKS

Trains Unable to Move Because of the Washouts—Many of the Farmers Have Been Driven from Their Homes—Heavy Loss of Cattle.

Little Rock, Ark, Jan. 5.—The floods through central Arkansas are the worst known in twenty years.

Little Rock and Hot Springs are practically isolated. No trains have been operated to or from Hot Springs since Wednesday afternoon. All the through trains on the Iron Mountain Route for Little Rock, entered the state at Texarkana, and passed on through Camden, Pine Bluff, Fair Oaks and Knoblet.

Many farmers in the vicinity of Little Rock have been driven from their homes, and hundreds of cattle, hogs and live stock have been lost.

While the railroads entering this city have reports of washouts at various points in the state, the greatest damage appears to have been done near this city. All streams in the county are out of bank, and many of the bridges in the county are reported to have been washed away, and the city is isolated from the country precincts of the county.

Throughout Thursday the waters continued to rise in the southern portion of the city, and although the rain ceased at 2 o'clock in the afternoon, the water is still rising. It is believed, however, that it is practically at its high stage in that part of the city.

No report was received of loss of life as a result of the flood, but it is feared in the southern part of the city that one or two negroes who live near the Fourche river may have been drowned.

Schools Closed by Floods.

Princeton, Ind., Jan. 5.—Fifteen schols in Gibson county have been closed by the high waters. Nearly one-third of Wabash township is under water. The pumping station which supplies this city with water, was closed Thursday. The water was away above the machinery at the water pumping station.

Flood in Indiana.

Terre Haute, Ind., Jan. 5.—High waters and threatened floods are reported from different parts of southwestern Indiana along the Wabash and White rivers. At Taylorville, opposite this city, the bottoms are under water ,and the 700 inhabitants of the town began moving out on Friday. At the confluence of the Wabash and White rivers in Knox county, farmers are fleeing with their families to safety.

Heavy Rain at Utica.

Utica, N. Y., Jan. 5.—Constant rain falling from Thursday morning until Friday morning in the Mohawk valley has raised the Mohawk river to a flood stage and the high water prevails throughout the valley.

Trains on the New York Central railway are delayed on account of the flood conditions and it is said that all passenger trains will be from one to twelve hours late. The water is still rising. Two highway bridges over the New Channel of the river at this city have been carried away. The rainfall for 24 hours was 2.26 inches, or considerably more than the rainfall of any one day during 1906.

Both Are Dead.

Toledo, O., Jan. 5.—Failing to effect a reconcilation with Leona Hartman, a 22-year-old negress, Walter Gateskill, aged 35, a negro waiter at the St. Charles Hotel, fatally stabbed the woman. He swallowed carbolic acid. Both are dead.

No Changes in Harbor Strike.

Buenos Ayres, Argentine, Jan. 5.—There is no change in the harbor strike here. The strikers refuse to return to work until their demands are granted.

BETTER WAGES ASKED.

Railway Workers of the Southern Request an Increase.

Atlanta, Jan. 5.—The conductors, switchmen, brakemen and trainmen of the Southern railway have sent representatives to confer with the chief executives of the railroad for the purpose of securing an increase in wages. Those who are now in Washington are the regularly elected delegates of the organization of the conductors and the trainmen known as the Brotherhood of Railway Trainmen.

These delegates also have instructions to remain in Washington until they secure the advance in wages or a direct and absolute refusal to grant the request. If the increase is granted, and it is confidentaly expected by all of the trainmen and conductors, the stay of the delegates in Washington will be a short one. If the request is refused, it is stated on the very best of authority and from those in a position to know officially, that a strike over the entire Southern railway system will be declared and that almost every conductor, switchman and trainman will go out to a man.

Railway Traffic Demoralized.

Louisville, Ky., Jan. 5.—Traffic on all railroads operating in the western section of Kentucky and on several lines in other parts of the state is demoralized as a result of heavy rains during the last few days.. All the creeks and rivers in the southern and western portions of the state are out out of their banks. In and around Henderson, the Illinois Central, Louisville and Nashvile anud Henderson railroad tracks are under water so that the trains cannot pass. Many trains have been annulled entirely. The rain has been general, even in the eastern section of the state, and the Licking and Kentucky rivers are rising rapidly. Heavy rain fell on Thursday, but reports Friday indicated clearing and much colder weather. In Louisville the temperature fell twenty degrees during the night.

Inquiring for Cause of Wreck.

Washington, Jan. 5.—The third day of the coroner's inquest into the wreck on the Baltimore and Ohio at Terra Cotta Sunday night last begun with the continuance of testimony of Operator Detrow in charge of the block station at Silver Springs. The operators at Takoma, University and Rhode Island avenue stations are to follow Detrow, after which the plan is to hear the story of Engineer Hildebrand, who piloted the "dead" train into the rear of the Frederick local passenger train No. 66. With the explanation of the block system and running rules of the road already made, Hildebrand's interpretation of the signals on the fatal night is awaited with interest.

Serious Riots in Valencia.

Madrid, Spain, Jan. 5.—Serious Octroi riots have occurred at Alcante, province of Valencia. Crowds surrounded the shops, stoned those owners who refused to close and in some cases even attempted arson. The civil guard tried to disperse the rioters without using violence, but failing were compelled to charge. Shots were fired as a result of which two persons were killed and a number wounded. Similar scenes were enacted at Saguanto, where two persons also met death at the hands of the guards.

King Edward has extended the area of his influence and his functions as peacemaker has been chiefly instrumental in effecting the reunion.

DEATH ON SCAFFOLD FOR MRS. MYERS

Unless Governor Folk Interferes With Sentence.

U. S. DISTRICT COUR TDENIES

The Application of the Attorneys for Woman for a Writ of Habeas Corpus—Accomplice Will Also Pay the Same Penalty as Principal.

Kansas City, Jan. 5.—Judge John Phillips, in the United States district court here Friday denied the application of the attorneys for Mrs. Aggie Myers for a writ of habeas corpus.

This means that Mrs. Myers, who is now in all at Liberty under sentence of death for the murder of her husband, and Frank Bottman, in jail at Kansas City for complicity in the crime, will be executed on January 10, unless Governor Folk interferes.

The attorneys of Mrs. Aggie Myers said they would, on Monday next, file an appeal to the United States supreme court from the decision of United States District Judge Phillips, who Friday refused to grant a writ of habeas corpus. It is their intention to get the appeal in so late that the United States supreme court cannot act upon it earlier than nine months, or at its next term.

As a last resort the attorneys for Mrs. Myers and Holtman will now appeal to Governor Folk to commute the sentences of the prisoners to life imprisonment.

Assassin Still Unidentified.

St. Petersburg, Jan. 5.—A general search of the lodgings of persons under police observation was made here during the night in the hope of discovering the accomplices of the assassin of Prefect of Police Von Der Launitz. Many arrests were made, but so far as known no important Terrorists were captured. The man who killed the prefect at the institute of experimental medicine is still unidentified. Baron Taube, chief of the gendarme corps, prefect of police Rheinbot, or Governor Kurloff, of Kiev, are mentioned for the position made vacant by the murder of General Von Der Launitz, who is one of the most responsible police posts in the empire. The persons condemned to death by the Terrorists are reported to include Grand Duke Nicholas, Premier Stolypin, and two conservative members of the cabinet, who lately received letters of warning.

HIGH SPRINGS NEWS.

Mrs. Daugherty Entertains Sunday School Children—Other Locals.

High Springs, Jan. 4.—The hospitable home of Mr. and Mrs. B. Daugherty of this place was the scene of a most enjoyable entertainment Christmas night. These charming hosts threw wide their doors to the Sunday school of St. Bartholomew Church, and entertained them right royally. And a variety of games were played and delightful refreshments were served. Mrs. Daugherty, as Santa Claus, distributed the presents from a generous box, the gifts of the Jurenile Auxiliary of St. Johns Church, Jacksonville.

Mrs. Minnie Hodson and Mrs. Chas. Jeffords of Waycross are visiting their sister, Mrs. W. N. Gramling.

Mrs. Will Godwin of Fairbanks is visiting High Springs, the guest of her brothers, the Messrs. Summers.

Mr. and Mrs. J. H. Sauls have gone to Tampa, where they will remain the balance of the winter.

The New Century Club met at the home of Mrs. M. P. Summers this week, and was well entertained by this charming lady.

Mrs. Modes Mathers has gone to Micanopy to visit her daughter, Mrs. Henry Simpson.

Judge Bexley and A. E. Summers have bought out the Postoffice Drug Store, and will continue the business at the same place.

Dr. Blackshear of Citra, who has been appointed surgeon of the A. C. L., has his office in the Postoffice Drug Store.

Liphas Jeffers narrowly escaped death a few days ago. Four pistol shots were fired at him, one taking off his hat. There was no cause for the shooting except that the person firing the shots was intoxicated.

TO ENJOY A GOOD DINNER.

How to Avoid Distress and Indigestion After Eating.

Let us tell you how you can enjoy a good dinner, so that the heartiest meal will set well on your stomach and cause no unpleasant and disagreeable after effects.

We will show you how to regain the appetite of your childhood and the enjoyment of food, so that it will taste as well as when mother cooked the dinner.

There is no hard work necessary to do this; no need of a rigid and self-denying diet list; no call for nasty and disagreeable medicines. Simply take a Mi-o-na stomach tablet before each meal and before going to bed, and it will so strengthen the stomach that before long a hearty meal will give you gratification and comfort, without the least fear of distress and suffering.

The strongest proof we can offer of our faith in this advice, is the fact that J. W. McCollum & Co. give an absolute, unqualified guarantee (applying to two 50c boxes of Mi-o-na), that your money will be refunded unless Mi-o-na cures. A guarantee like this gives you confidence in Mi-o-na. They take the whole risk, and the remedy will not cost you a penny unless it cures.

Mi-o-na is not a mere digestive, giving only temporary relief, but a specific for all diseases of the stomach, strengthening the digestive organs and making a permanent cure.

Is Held for Killing Stepfather.

Orlando, Fla., Jan. 5—Chris Dehtman is held by a coroner's jury on the charge of killing his stepfather, Theodore Whoelke, a German living near Conway. It was announced last Tuesday that Woelke had died a natural death and he was buried. The neighbors reported suspicious circumstances and the body was exhumed, showing gunshot wounds in the side of the body. After close questioning Dehtman admitted that he shot Whoelke, alleging that Whoelke, who had been drinking, was at the time violently chastising his wife.

A Jamaica Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart Service of Kingston, Jamaica, West Indies Islands, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her house. Sold by all druggists.

RHEUMATISM WORSE FROM YEAR TO YEAR

The cause of Rheumatism is an excess of uric acid in the blood, brought on by indigestion, chronic constipation, weak kidneys and a general sluggish condition of the entire system. The refuse and waste matter of the body is not carried out as nature intends, but is left to ferment and sour and generate uric acid, which is absorbed into the blood. The first evidence of Rheumatism is usually little wandering pains in the muscles and joints, or a tender, sensitive place on the flesh. These are often so slight that nothing is thought of them and they pass away; but with each recurrence the trouble becomes more severe, and from slight wandering pains and excited nerves, Rheumatism grows to be a painful and almost constant trouble. The longer the poison remains in the blood the firmer hold the trouble gets on the system. Each day the acid deposit is increasing and the disease grows worse from year to year. After awhile the joints become coated with a corrosive substance which seriously interferes with their working and movements and sometimes they become permanently stiff and useless. S. S. S. cures Rheumatism by going down into the blood and attacking the disease at its head. It neutralizes the poisons and acids and dissolves the salts and irritating deposits, making the blood stream pure, fresh and healthy. S. S. S. is made entirely of roots, herbs and barks, and is therefore a safe remedy. When the blood has been purified by S. S. S., the pains and aches pass away, and the cure is permanent. Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

This is an entirely new preparation, just placed on the market.

The Tampa Tribune was twelve years old on the first of January. The Sun editor well remembers the first issue, and The Tribune of today shows that it has kept pace with the phenomenal progress of the city in which it is published.

There are too many men who expect an editor to slave in defense of their pet notions and hobbies, advocate their views against the strongest opposition and then coolly withhold the business support by which alone a small newspaper can live.

The Punta Gorda Herald began the fifteenth year of its existence the first of the year by appearing in eight-page form, issued from its own two-story brick building. The Herald is now the same size of The Sun, and is one of the best edited and most neatly printed papers in the State.

Either run a town with a vim, or just sell out and loaf. One thing must be done—run the town for all that it is worth, get up steam and keep it up. Do you want trade? Bid for it. Do you want business to come to your town? Encourage what you have. Do you want a prosperous town? Then never permit the jealousies to rule your actions, but work together for common prosperity and mutual benefit.

As long as a man agrees with you, you think him a good fellow. When he antagonizes your ideas and doctrines, you don't like him so well. As long as the farmer went along plowing, hoeing and harvesting, and let the professional politicians run the politics, and the monopolies run the business, nobody called him a crank or an ignoramus. But when he took a hand in the politics and began to question the right of others to rob him, the dogs of war were let loose on him.

An experienced teacher says that pupils who have access to newspapers at home, when compared with those who do not, are better readers, better spellers, better grammarians, better punctuators, and read more understandingly, and obtain a practical knowledge of geography in almost half the time it requires others. The newspaper is decidedly an important factor in modern life. This will not be disputed by anyone who has taken the trouble to investigate the matter for himself.

Microbes in everything you eat and drink, and if you eat and drink microbes you will surely die, and if you don't eat and drink you will still more surely die. Bound to surely die in any event, you had better pay no more attention to microbes than your granddaddies did. They ate and drank everything they wanted and they lived long and prospered. What did Methuselah know about microbes in his time? Eat and drink everything you want, microbes and all, and you will live until you die, and that is what old Methuselah did—he lived until he died.

HONOR.

There seems to be several kinds of honor if one can judge by the different ways the press "sizes up" Harry Thaw.

For instance, young Mr. Thaw of Pittsburg and New York killed a fellow-being, and he did it in the name of honor. The victim had dishonored his wife, therefore he must die.

A correspondent in a New York newspaper, discussing the character of the victim of the tragedy, said he was "the soul of honor." No doubt he was in some respects. In a business way his word was as good as his bond. He would as soon think of robbing his mother's grave as he would of defrauding anybody out of a penny. Financially his honor was untarnished.

But he would steal the brightest possession a woman can have, and make a joke of it among his friends. He would soil the character of a girl too young to be away from her mother's care, and cast her adrift on the storm-tossed waters of Bohemia without a qualm.

And the "honor" of young Mr. Thaw and his wife, too. This is an odd institution, also. Mr. Thaw himself, so far as history goes, has not had a worthy aim or a noble ambition since his birth. He has lived for pleasure, has soaked his soul in it until its keen acid has dyed it deeply. No doubt, if he incurred a gambling debt, he would deem it a point of "honor" to pay it. No doubt he thought it a measure of honor to be able to hold his end up as long as the rest. As to the honor of his wife—let the mantle of charity fall over that toy of base men that at last has caused a tragedy.

They don't know the meaning of the word. Never was a noble phrase in poorer company. Men and women of real honor would never have sunk their souls so deeply in the mire of human depravity as these people have.

It is such hideous, fantastic notions of honor as these that make men foul and women base. Real honor knows them not.

MELROSE SPRAYS.

"Tacky" and "Watch" Parties Among Social Events of the Week.

Melrose, Jan. 5.—A very pleasant "tacky party" was given at W. H. Lee's on the evening of the 28th of December. Miss Fanny McMillan winning the prize for the worst costume.

A "watch party" was given by Miss Nettie Huffman in honor of the Misses Flora McRae and Blanche Mizelle on New Year's eve, everybody having a most enjoyable time.

Among the recent new arrivals in town are Mr. and Mrs. L. W. Pearsall and daughter and Miss H. Pearsall of Westfield, N. J., and Mr. and Mrs. L. Q. McRae and Son of McRae, Ga.

Melrose had two unexpected treats this week. On New Year's evening the John B. Wills Musical Comedy Co. gave a most amusing three-act performance at the town hall, and on Tuesday night Prof. Walden gave a first-class performance of magic and illusions. His work was excellent from beginning to end, and it would be hard to say which of his many tricks was the best. They were all fine and much appreciated by his audience. It is to be hoped that Prof. Walden may find his way back here on his return from his tour south. He will certainly have a full house to greet him.

POSTAL CLERKS INJURED.

Southern Train Strikes Switch Engine in Atlanta.

Atlanta, Jan. 5.—Early on Friday morning Atlanta and Birmingham passenger train No. 36 on the Southern railway ran into a switch engine at the Simpson street railway crossing with considerable force. Three railway mail clerks, who were distributing mail, were thrown violently against the racks and sustained some bruises and cuts.

The injured men who were carried to the Grady hospital are S. M. Dykeman, railway postal clerk, contusion of the abdomen; injuries not serious. Will Gary, a negro porter, contusion of the side; painful but not serious.

Several other persons were bruised and jarred. Neither man could give any account of the manner in which the accident took place.

At the dispatcher's office it was stated that several postal clerks were hurt, but no passengers were injured.

No one in the office could give any definite information as to how the accident took place.

Bullets End Ancient Feud.

Valdosta, Ga., Jan. 5.—Parties from Edith in Clinch county, report a fatal encounter between Eulice Allen, a merchant of the place, and a white man named Swearingen. The men, it seems, had not been upon good terms and Thursday night the difficulty was renewed. Just what led to it could not be learned. Reports say that both drew their pistols and fired, a bullet from Swearingen's pistol striking Allen on the hand in which he held his weapon, the bullet ranging up his arm and out near the elbow. The bullet from Allen's revolver struck a vital spot and Swearingen fell dead. Both were well known in the county, and Allen is quite a prominent citizen. Sheriff Sweat passed through here this evening on his way to the scene to make an investigation.

A Thousand Dollars Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder troubles for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." J. W. McCollum & Co.

Cars Thrown on Their Sides.

Brunswick, Ga., Jan. 5.—Southern railway passenger train No. 16, from Atlanta, while entering the yard ran into a partly open switch, throwing engine and baggage car from the rails on their sides. No one was hurt. The track was torn up for a hundred feet and the line blocked. The passengers were not injured, neither passenger coach leaving the track. The damage to engine, tender and car is slight. It is supposed that one of the switching crew handling lumber cars to and from the main line, failed to close the switch.

Moonlight, but No Moon.

Dion Boucicault seems to have been forever rushing breathlessly from one task to another. This amusing incident of the busy dramatist's career is told in "Famous Actor Families In America," by Montrose J. Moses:

"Boucicault was never to be outdone, whatever the circumstances. So intent was he during the rehearsals of 'The Shaughraun' regarding the other characters in the cast that on the opening night when he reached the theater he suddenly realized that he had wholly forgotten to pick himself out a costume for Con. So he rushed to the property room and on with an old coat that had done service for Tony Lumpkin and on with an old cap belonging to that same individual. Grabbing an odd pair of boots from a discarded chest—and he was ready! But disasters came thick and fast on this occasion. The second act called for a moon. Just as the scene was about to begin the stage orb exploded, and when the curtain rose the audience was amazed to find a black hole where the moon should have been. A burst of laughter showed their further appreciation of a slip in stage management, for silver ripples quivered on the water, a case of moonlight with the moon left out."

Given Back.

Never say of anything, "I have lost it," but, "I have given it back." Is your child dead? It has been given back. Is your wife dead? She has been given back. Is your estate taken away? Well, and is not that likewise given back? "But he who took it away is a bad man." What is it to you by whose hands he who gave it has demanded it back again? While he allows you to possess it, take care of it, but as of something not your own, as travelers do of an inn.—Epictetus.

"The way them New York folks act is dreadful curious," said my aunt Betsy. "They dew say as Mrs. Demillion is at home on a horse. I'm glad she ain't one on whom I call, for I calculate I shouldn't know exactly how tew act."—Harper's Weekly.

The Last Course.

"Paw, when there's a big banquet, why do they always have spoiled cheese to wind it up with?"

"Because, my son, it makes you forget the earlier courses."—Chicago Tribune.

BEGGAR PRINCE COMPANY.

Olivette Presented to a Fair Audience Last Night.

The three-act comic opera, "Olivette," was given to a fair sized audience at the opera house last night. There were a number of amusing features, and Fred Godding sustained his reputation as the best comedian who has appeared in Gainesville for some time.

Chas. Nickle, as Captain de Merimac; Harry LeaVelle, as Valentine, his nephew; Miss Lovett Nickle, as Duke de Seff; Fred Godding, as Coquloque; Miss Maude Amanda Scott, as Countess Rasoulion, and Miss Etta Merris, as Olivette, were the leading characters.

As a whole the audience seemed well pleased, especially so with Mr. Godding's songs.

The Beggar Prince Company is composed of nice people, and will always meet a hearty welcome from the amusement-loving people of Gainesville.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.

At her home in Rocky Point Saturday afternoon Mrs. O. P. Cannon, in her usual generous and hospitable manner, entertained the "mothers and their children," at an informal reception, which proved one of the most enjoyable events of its kinds ever given at "the Point." The ladies were entertained in the parlor and dining-room, while the little folks romped and played about the lawn—or anywhere else they pleased.

During the afternoon delicious refreshments were served, and at a late hour the guests departed, full of appreciation for the clever manner in which they had been entertained.

"PARSIFAL."

Celebrated Mystic Play to Be Given in Jacksonville, Jan. 14.

A play as broad in its interest as humanity itself, elaborate and spectacular in production, weird in its portrayal of elemental passions, absorbing as a dream of the highest good, yet keen and intense in its appeal to the individual, such is the description of William L. Roberts' mystic festival drama which Jacksonville, for the first time, is to see in its New English dress at the Duval Theatre on the evening and afternoon of Monday, January 14th.

It is generally conceded to be a condition of dramatic art that human interest must be paramount, and this condition has been complied with in the dramatization of "Parsifal;" abstract ideas and poetic fancies are made real in the characters and experiences of living persons. The faith that good shall be the final goal of ill, forms the legend wrought out to certitude in the action of the play. The futility of low, cunning, craft, duplicity, and all the unlovely brood of the netherworld when opposed by the nobler intelligence which comprehends, but disregards them all, is demonstrated in the thrilling music drama which centers around the personality of the son of many generations of soldier sires, whom his mother would have made a shepherd of, but whom destiny made a king. There is sound philosophy and true art in the final description of the personality of "Parsifal." "A guiless fool—in the eyes of the foolish—not by wrath, nor by syniclsm, nor by cheap worldly wisdom, but by pity enlightened."

As a spectacle "Parsifal" is a tremendous enterprise, the scenery is on a lavish scale and the illuminations and electric effects form a striking feature of the production. An augmented orchestra of twenty musicians will render the soul-stirring strains of "Parsifal" as an accompaniment to the wondrous text.

The hour of commencement differs from that of the German production. The dinner intermission having been eliminated, permits of giving the play at one sitting. At the evening performances the curtain will rise promptly at 7:30 and at the matinee 2 o'clock will be the time of commencement. Auditors should be in their seats at that time, as none will be seated during the action of the play.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that resulted in pneumonia or that has not recovered. For sale by all druggists.

Tocoa Visited by Large Fire.

Tocoa, Ga., Jan. 5.—The Yow business block in this city was burned early Thursday morning, entailing a loss of $50,000, with only $5,500 insurance. About 12:30 o'clock a small blaze was discovered in the rear of the store of Bryant & McAvoy, and before the bucket brigade could arrive the fire was beyond control. Bryant & McAvoy moved into the store Thursday, the house having been vacated the day before by W. M. Killgo & Co. It is not known how the fire originated, but the flames soon spread to the store of J. W. Woodall, druggist, and in a short while reached the large establishment of W. C. Edwards & Co. The block was the property of the R. D. Yow estate, and no insurance was carried on the buildings.
